

Waste Management Policy

PURPOSE

The purpose of this waste management strategy is to provide guidance and requirements necessary for efficient, effective, and compliant waste management. Landscapers INC views responsible waste management as essential to reducing its environmental footprint and to providing a safe and healthy work environment for Board members, employees, visitors, and clients.

SCOPE

This policy is applicable to all staff at Landscapers INC

POLICY STATEMENT

Landscapers INC is committed to maximising conservation of natural resources and minimising environmental harm from waste and the disposal of waste. Recycling and reusing waste products, and safe disposal of waste, contributes to an effective waste management system.

At Landscapers INC we: -

- Appreciate the importance of responsible waste management, recycling, reuse, recovery, and responsible waste disposal
- Recognize irresponsible waste management practices is a threat to the environment as well as the health and safety of its employees, the communities it serves and operates in and poses a serious threat to ecological sustainability
- Encourage all its stakeholders to consider positive steps they may take with regards to responsible and sustainable waste management
- Participate in its value-chain to promote responsible waste management and appropriate responses
- Invest in recycling, remanufacture, and rebuild facilities that support internal waste management imperatives and broaden customer offerings
- Commit to handling hazardous waste according to applicable local regulatory requirements and international standards
- Recognize that sustainable waste management practices provide opportunities for cost savings and supports shared value creation
- Incorporate waste management and related considerations in its strategic framework.

RESPONSIBILITIES

Compliance, monitoring, and review

Employers are responsible for keeping the workplace safe.

They must perform inspections in the workplace and maintain accurate records.

Employees must take an active part in keeping the workplace safe by complying with safety standards, rules, and regulations.

Records management

Staff must maintain all records relevant to administering this policy.

RELATED LEGISLATION AND DOCUMENTS

Occupational Health & Safety Act (85 OF 1993)

National Environmental Management Act (107 of 1998) NEMA

FEEDBACK

The Waste Management Policy will be periodically reviewed to ensure continued relevance and adequacy. The Waste Management Policy shall be made available to all stakeholders on request. The SHERQ Management System will form an integral part of the company's core business processes. The responsibility of management and all employees to implement this policy effectively ranks equally with their respective responsibilities for services, maintenance, quality, sales, costs, profitability, and similar matters of vital importance to the success of the company.
