

Child Labour Policy

PURPOSE

Landscapers INC Child Labour Policy has been established in order to make Landscapers INC position clear to suppliers and their co-workers, as well as any other parties. The requirements in this policy are mandatory to all suppliers and their sub-contractors.

SCOPE

Landscapers INC acknowledges the fact that child labour occurs in many countries. However, Landscapers INC does not accept child labour, and works actively against it. The complexity of the child labour issue requires a consistent, long-term effort to create sustainable and broad-based solutions in order to reach our goal; that no products delivered to Landscapers INC are produced by child labour.

Landscapers INC respects different cultures and values in countries where Landscapers INC operates and sources its products but does not compromise on the basic requirements regarding the Rights of the Child.

POLICY STATEMENT

Landscapers INC may not require or permit a child to work if the child is under 15 years of age or is under the minimum school leaving age in terms of the Basic Conditions of Employment Act 1997. Landscapers INC may also not require or permit a child to perform such work or services that are inappropriate for his/her age; that places a risk to the child's well-being, education, physical or mental health or social development.

Implementation

All actions to avoid child labour shall be implemented by taking the child's best interests into account. Landscapers INC requires that all suppliers shall recognise the Basic Conditions of Employment Act 1997, chapter 6, "**Prohibition of employment of children and forced labour**". This is regarded as a criminal offence as per the Basic Conditions of Employment Act 1997, Chapter 6. Suppliers are obliged to take the appropriate measures to ensure that no child labour occurs at suppliers' and their sub-contractor's places of production. If child labour is found in any place of production Landscapers INC will require the supplier to implement a corrective action plan. If corrective action is not implemented within the agreed time-frame, or if repeated violations occur Landscapers INC will terminate all business with the supplier concerned. The corrective action plan shall take the child's best interests into consideration, i.e. family and social situation and level of education. Care shall be taken not merely to move child labour from one supplier's workplace to another, but to enable more viable and sustainable alternatives for the child's development.

The supplier shall effectively communicate to all its sub-contractors, as well as to its own co-workers, the content of Landscapers INC Child Labour Policy, and ensure that all measures required are implemented accordingly.

Young Workers

Landscapers INC supports the legal employment of young workers. Young workers of legal working age have, until the age of 18, the right to be protected from any type of employment or work which, by its nature or the circumstances in which it is carried out, is likely to jeopardise their health, safety or morals. Landscapers INC therefore requires all its suppliers to ensure that young workers are treated according to the law; this includes measures to avoid hazardous jobs, night shifts and ensure minimum wages. Limits for working hours and overtime should be set with special consideration to the workers' young age.

RESPONSIBILITIES

Compliance, monitoring and review

All suppliers are obliged to keep Landscapers INC informed at all times about all places of production (including their sub-contractors). Any undisclosed production centres found would constitute a violation of this code of conduct.

Through the General Purchasing Conditions for the supply of products to Landscapers INC, Landscapers INC has reserved the right to make unannounced visits at any time to all places of production (including their sub-contractors) for goods intended for supply to Landscapers INC. Landscapers INC furthermore reserves the right to assign, at its sole discretion, an independent third party to conduct inspections in order to ensure compliance with Landscapers INC Child Labour policy.

Reporting

No additional reporting is required.

Records management

Staff must maintain all records relevant to administering this policy in a recognised Landscapers INC recordkeeping system

RELATED LEGISLATION AND DOCUMENTS

Labour Relations Act

FEEDBACK

The Child Labour Policy will be periodically reviewed to ensure continued relevance and adequacy. The Child Labour Policy shall be made available to all stakeholders on request. The SHERQ Management System will form an integral part of the company's core business processes.

The responsibility of management and all employees to implement this policy effectively Ranks equally with their respective responsibilities for services, maintenance, quality, sales, costs, profitability, and similar matters of vital importance to the success of the company.
