

1. SUMMARY

- 1.1 The purpose of this procedure is to provide assurance that any response to road accidents, incidents, customer site incidents, whether they are Fire, Medical or Hijacking
- 1.2 More specifically:
 - To provide a communication system to facilitate rapid and effective response to off-site road transport emergencies to minimize delays and to ensure that the best possible plan of action is implemented.
 - To identify personnel and confirm everyone's responsibilities
 - To determine post incident responsibilities for investigating and reporting
- 1.3 This procedure applies to all responsive activities performed by Landscapers Inc to prevent, reduce, contain, clean up, rehabilitate, or investigate accidents, incidents in accordance with both legislative and the customer's requirements.

2. TERMS AND DEFINITIONS

An emergency: Is defined as an event where there is either a major transport operational problem (for example, a fire, hijacking or serious traffic incident), or where there is a loss of life or considerable environmental damage and there is a possibility of media coverage. The situation can be on a public road, private area, customer site.

3. PROCEDURE OVERVIEW

- 4.1. Drivers involved in the accident/incident, reports to Landscapers INC operations.
- 4.2. Such reports are normally made by telephone or radio (if applicable). Calls must be made to the most senior operations official on duty who in turn should establish a contact number with the driver or relevant local authority and record all the relevant details of the incident.
- 4.3. The completed form should be copied and handed to the person responsible for the accident investigation. The original must be immediately sent to the Operations Manager.

4.4. The Accident report form will be completed later by the safety officer.

5. MEDICAL EMERGENCY

Driver or Gardening team

In the event of a serious or life-threatening condition such as:

- not breathing
- seizure
- profuse bleeding
- stuporous state
- head, neck, or back injury
- suspected drug overdose
- alcohol overdose
- serious fall
- diabetic incident
- chest pain
- shortness of breath

The National number is 10177

6. HIJACKING EMERGENCY

Driver or gardening team

A driver who experiences a hijacking is instructed to take the following measures to attempt to prevent injury or loss of life:

- DO exactly as told by the hijacker(s).
- DO NOT resist. Surrender your vehicle and move away (quickly) if allowed to do so.
- DO NOT reach for your valuables if allowed to leave. Leave everything behind and move away quickly.
- DO NOT show signs of aggression. Do your best to appear calm. Your life is at stake.
- DO NOT make eye contact, which may be perceived as a threat and retaliate aggressively.
- KEEP your hands still and visible, giving the hijacker assurance of your passiveness.
- DO NOT speak too fast or make sudden movements.
- DO NOT lose your temper, threaten, or challenge the hijacker.
- DO gather as much information as possible without appearing to pose a threat:
 - How many individuals? Height? Distinguishing features? Clothing?
 - Firearms / weapons? Make? Size?
 - Direction? Which direction did they head?
 - Language? English? Non-English? Accent?
- **URGENT:**
 - Contact 10177 as soon as safely possible to do so;
 - Contact your controller immediately after calling 10177;
 - Find a safe place until help arrives.

Controller:

- **URGENT:**
 - Assist the driver in any manner possible;
 - Ensure that a 10177 call has been placed;
 - Notify Management (MD, Operations Manager) of situation asap;
 - Contact Tracker or Car Track;

- **Non-URGENT:**

Inform Finance Dept of possible claim.

9 DISCIPLINARY ACTION / REMEDIAL ACTION.

Once the Operations Manager, General Manager, Safety Officer, or Emergency Co-ordinator have completed his investigation of the incident they have to decide what the probable cause of the incident was. Should the information at his disposal indicate that it might have been the result of either employee error or negligence; disciplinary action has to be initiated. In the case of a major road accident, or where the Safety Officer is of the opinion that the facts indicate severe disciplinary action, a disciplinary enquiry should be convened in terms of the company's disciplinary procedure.

The Nominated Service Provider/ HR would be responsible for chairing the enquiry. In other cases, the Operations Manager will be responsible for the disciplinary action in terms of the Landscapers inc disciplinary procedure. With minor incidents a disciplinary counselling session should be sufficient for dealing with the matter.

In all instances the investigation might indicate that some remedial action/preventative Action Request e.g., training of the employee and amendment to Landscapers inc operations procedure is required. The Operations Manager and Controller will be responsible for the implementation of such remedial action.

10 RESPONSIBILITIES

Compliance, monitoring, and review

This procedure in particular outlines the responsibility of the following Landscapers inc officials with regards to Accident / Fire / Medical response, investigation, and reporting.

- Driver
- Gardening team
- Operations Manager
- Maintenance Manager
